

ORDWAY CATTLE FEEDERS, LP

19424 Hwy. 96
Ordway, Colorado 81063
(719) 267-3551

To: Whom it may concern

Ordway Cattle Feeders, LP is a 70,000 head Feedyard located in the Southeast corner of Colorado. At Ordway Cattle Feeders, LP we deliver all of our manure that is produced straight out of our pens to the composting area where Compost Technologies Composts the manure. Ordway Cattle Feeders, LP does not apply any odor suppressants, or fly insecticide to any of our pens, or manure. If you have any questions or concerns. Please feel free to call or email me anytime.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tyler Karney". The signature is fluid and cursive, with the first name "Tyler" written in a stylized, elongated script and the last name "Karney" in a more standard cursive.

Tyler Karney

ICO operation name

This form must be completed by the manager/operator of the source of the manure.

Under section CFR 205.602 Non synthetic substances prohibited for use in organic crop production: Clients must have a verifiable procedure that ensures that those who label agricultural products as “100 percent organic” or “organic” and/or who label all ingredients identified as organic in the ingredient statement of any product do so without the use of Arsenic.

ICO does not allow the use of Arsenic in the production of crops bearing (alone or with other words that indicate that ICO has approved the product as “organic”) the “ICO certified organic” label. To assure the consumer that ICO certified products are arsenic-free we ask that our producers using conventional poultry manure sign the following statement. In cases where there is reason to suspect contamination, ICO may require testing.

Manure delivered between Opal Foods and

I, **Dane Kolkmeier**, do hereby attest that I do not knowingly use any arsenic containing products in our poultry feed.
